For the three-month and six-month periods ended

Review Report of Certified Public Accountant

To the Board of Directors of ITV Public Company Limited

I have reviewed the accompanying consolidated and separate balance sheets as at 30 June 2010, and the related statements of income for the three-month and six-month periods ended 30 June 2010 and 2009, and the related statements of changes in equity and cash flows for the six-month periods ended 30 June 2010 and 2009 of ITV Public Company Limited and its subsidiary, and of ITV Public Company Limited, respectively. The Company's management is responsible for the correctness and completeness of information presented in these financial statements. My responsibility is to issue a report on these financial statements based on my reviews.

I conducted my reviews in accordance with the auditing standard on review engagements. This Standard requires that I plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit in accordance with generally accepted auditing standards. I have not performed an audit and, accordingly, I do not express an audit opinion on the reviewed financial statements.

As mentioned in notes 2 (b) and 10 to the financial statements as at 30 June 2010, the Company's current liabilities exceed its current assets by an amount of Baht 3,251 million and there is a deficit in excess of the share capital of an amount of Baht 3,250 million and the Company's Television Broadcasting Station under a UHF Radio-Television Broadcasting Agreement ("Operating Agreement") was revoked by the Office of the Permanent Secretary of the Office of the Prime Minister ("PMO") as the Company did not pay the unpaid operating fee totaling Baht 2,210 million and the interest on the total unpaid operating fee at 15% per annum including the penalty arising from the alteration of television programming of Baht 97,760 million and adjust television programs fee. Subsequently, the Company ceased its operations and delivered their assets under the operating agreement to PMO. The Company has filed statements of claim regarding the unpaid operating fees totaling Baht 2,210 million plus the interest and adjust television programs fee to the arbitration process. These events indicate a material uncertainty which may cast significant doubt on the Company's ability to continue as a going concern.

Because of the significance of the matters discussed in the preceding paragraph to the consolidated and separate financial statements for the three-month and six-month periods ended 30 June 2010 and 2009 of ITV Public Company Limited and its subsidiary and of ITV Public Company Limited respectively, I am unable to express a conclusion on the accompanying interim financial statements.

I have previously audited the consolidated and separate financial statements for the year ended 31 December 2009 of ITV Public Company Limited and its subsidiary, and of ITV Public Company Limited, respectively, in accordance with generally accepted auditing standards and I was unable to express an opinion on the aforementioned financial statements in my report dated 17 February 2010 because of the significance of the matters as described in note 2 (b) to the financial statements. I have not performed any auditing procedures since that date. The consolidated and separate balance sheets as at 31 December 2009, which are included in the accompanying financial statements for comparative purposes, are components of those financial statements.

1 General information

ITV Public Company Limited (the “Company”) is a public limited company and is incorporated and domiciled in Thailand. The address of its registered office is 1010 Shinawatra Tower 3, Viphavadi Rangsit Road, Chatuchak, Bangkok 10900.

On 4 June 2009, the Stock Exchange of Thailand (“SET”) subsequently withdrawn the Company’s stock from trading board and moved to Non-Performing Group (“NPG”). However, the Company still maintains its status as a listed company which has to comply with the SET’s regulation. In accordance with the reviewed financial statements for the first quarter ended 31 March 2009, equity of the Company was below zero and the Company incurred net operating loss for two consecutive years. The Company is in the process of preparing development plans to resolve the cause of delisting and a plan to undertake new business and rehabilitation of the Stock Exchange of Thailand.

The parent company during the financial period was Shin Corporation Public Co., Ltd. It was incorporated in Thailand.

The Company used to operate a television broadcasting station under a UHF radio-television broadcasting agreement (“operating agreement”) provided by the Office of the Permanent Secretary of the Office of the Prime Minister (“PMO”). The Company’s Operating Agreement was revoked on 7 March 2007. Therefore, the Company ceased its operations.

The Operating Agreement is a Build Transfer Operate operating agreement according to which the Company has to transfer ownership of certain property and equipment that it procures to the PMO, upon completion of equipment installation.

The Company has explained about the progress of lawsuit and judgment of the Supreme Administrative Court relating to the Agreement for the Operation of Television Station in note 10 to the financial statements. On 7 March 2007, the letter of revocation of the Operating Agreement was sent by the PMO requesting the Company to repay the debt and return all operations assets under the Operating Agreement back to the PMO within the period specified by the PMO in accordance with the Cabinet resolution passed on 6 March 2007. Such termination caused the Company to cease carrying on the business of the UHF television broadcasting station.

Details of the Company’s subsidiary as at 30 June 2010 and 31 December 2009 are as follows:

2 Basis of preparation of financial statements

(a) Basis of preparation

The interim financial statements issued for Thai reporting purposes are prepared in the Thai language. This English translation of the financial statements has been prepared for the convenience of readers not conversant with the Thai language.

The interim financial statements are prepared on a condensed basis in accordance with Thai Accounting Standard No. 34 *Interim Financial Reporting* including related interpretations and guidelines promulgated by the Federation of Accounting Professions (“FAP”), applicable rules and regulations of the Securities and Exchange Commission and with generally accepted accounting principles in Thailand.

The interim financial statements are prepared to provide an update on the financial statements for the year ended 31 December 2009. They focus on new activities, events and circumstances to avoid repetition of information previously reported. Accordingly, these interim financial statements should be read in conjunction with the financial statements for the year ended 31 December 2009.

On 26 May 2010, the FAP announced (Announcement No. 17/2010) the issuing a number of new and revised Thai Accounting Standards (TAS) and Thai Financial Reporting Standards (TFRS) (revised 2009). The Group Company has adopted the revised Framework (revised 2009) for the Preparation and Presentation of Financial Statements. The adoption of the revised Framework does not have any material impact on the consolidated or separate Company’s financial statements. For TAS and TFRS which are not currently effective and have not been adopted in the preparation of these financial statements. These new and revised TAS and TFRS are disclosed in note 11.

The interim financial statements are presented in Thai Baht, rounded to the nearest thousand unless otherwise stated.

Accounting policies and methods of computation applied in the interim financial statements for the three-month ended 30 June 2010 are consistent with those applied in the financial statements for the year ended 31 December 2009.

(b) Financial status

As at 30 June 2010, the Company’s current liabilities exceed its current assets by an amount of Baht 3,251 million and deficit in excess of its share capital by an amount of Baht 3,250 million (*31 December 2009 and 30 June 2009, ITV’s current liabilities exceed its current assets by an amount of Baht 3,036 and 3,580 million and deficit in excess of its share capital by an amount of Baht 3,036 and 2,827 million, respectively*). In addition, as discussed in note 10 to the financial statements, in consequence of the ruling of the Supreme Administrative Court on 13 December 2006, the Company is liable for unpaid operating fee totaling Baht 2,210 million and the interest on the total unpaid operating fee at 15% per annum including the penalty arising from the alteration of television programming of Baht 97,760 million. The Company has not yet paid these unpaid operating fee including interest and penalty. The Company’s Operating Agreement was revoked on 7 March 2007 by the PMO therefore, the Company ceased its operation at that date. In addition, the PMO claimed the undelivered value of assets under Operating Agreement amounting to Baht 656 million plus interest on 30 March 2007. In addition, the Company is still in the arbitral proceeding regarding the unpaid operating fee including interest, penalty arising from the alteration of television programming of Baht 97,760 million and value of undelivered assets including its interest. These events indicate a material uncertainty which may cast significant doubt on the Company’s ability to continue as a going concern.

b) The contingent liabilities and recording on the dispute between the Company and the PMO

The contingent liabilities after the Supreme Administrative Court's judgment on revocation of the arbitration award on 13 December 2006 and the dispute between the Company and the PMO were as follows:

1. In regard of the penalty arising from the alteration of television programming

2. In regard of the operating fee of the 9th, 10th and 11th year amounting to Baht 2,210 million and 15% interest of such amount

Since quarter ended 31 December 2006, the provision for unpaid operating fee amounting to Baht 2,210 million plus 15% interest from the date that the arbitral award was revoked by the Supreme Administrative Court as of 13 December 2006 was recorded in the consolidated financial statements. The reason is that the Company proposed condition to pay such amount to the PMO and brought the issue of the penalty fee and interest into the arbitral proceeding under the Operating Agreement. Thereafter, in the first quarter of 2007, the PMO did not accept the said payment, it shall be deemed that the Company's proposal was not mutually accepted. The Company thus had no liability on the operating fee amounting to Baht 2,210 million plus 15% interest per annum. In addition, the Supreme Administrative Court made the order striking out the case No 640/2550 in which the PMO demanded that the Company pay the operating fee, interest, the penalty fee and value of undelivered assets out of the Case List, so that the disputes shall be brought into the arbitration proceeding and legal process by the Operating Agreement to be finalised.

3. Value of undelivered assets

The undelivered asset in the amount of Baht 656 million plus 7.50% interest per annum of the undelivered asset from the date that the case was filed to the Court until the said amount is fully paid since 1995. The PMO has not requested the Company to pay such amount. Consequently, the Company has no liability to further deliver such asset. In addition, the Central Administrative Court made the order striking out the said case out from the Case List, therefore, the said items have not been recorded by the Company. Since the value of asset claimed by the PMO is only the business estimation comprising income, expense, profit, tax and investment asset, which terms regarding the asset only stated that the Company is required to procure the asset for the undertaking of UHF Television Broadcasting Station to cover the population at the rate of 96.72% of the population in the country without the condition of value of required asset and the Company has complied with such requirement, therefore, the Company has neither liability to procure asset nor indemnify to the PMO.

The Company is awaiting to hear the arbitral award ruling on the said contingent liabilities for Black Case No. 1/2550 and the compensation of damages arisen from illegal termination of agreement Black Case No. 46/2550. It shall be dependant on the judgment which cannot be predicted.

However, the Company has already recorded provision for unpaid operating fee amounting to Baht 2,891 million and interest from the date that the arbitral award was revoked by the Supreme Administrative Court amounting to Baht 1,480 million in these financial statements, of which of the amount of Baht 215 million was provision for interest on unpaid operating fee for the six-month period ended 30 June 2010.
